## PROGRAM HANDBOOK

- Deepen involvement in Home Church and meets Church Mentor weekly
- Invest in Phase 1 & 2 men by mentoring 2 men or attending 2 devotions weekly
- Meet wholistic benchmarks before graduating and transitioning out

Phase 1 is approximately 4 months, Phase 2 is approximately 3 months, Phase 3 is 5-11 months. The program focuses on completing wholistic benchmarks, not just remaining a period of time. Phase 3 Housing is a crucial season in the program because those going through at least a year of structured and accountable programming produce higher success rates of long-term restored living.

### **1.2 WHO IS THE PROGRAM FOR?**

This program is for men seeking to overcome life controlling issues, including but not limited to; addictions, codependency, unhealed hurts, criminal thinking, generational poverty, hopelessness, etc through a Christ-centered approach that focuses on faith development.

- Men with violent offenses will be considered on a case by case basis.
- Unfortunately the program is not a good fit for men who suffer from extreme mental illness due to the lack of resources, medical staffing, and program framework to meet those specific needs.
- Unfortunately the program is not a good fit for men with learning disabilities that would hinder their success in the many formational classes required.
- Unfortunately the schedule and activities as well as lack of medical staffing make it not a good fit for those with significant physical and/or medical limitations.
- Unfortunately the program is not a good fit for men in treatment court due to the amount and conflicting schedules of requirements in both programs.
- Unfortunately the program cannot receive registered sex offenders due to being near an elementary school.
- Unfortunately the program does not allow medically assisted treatment.
- Unfortunately, the nature and purpose of the program does not work in conjunction with having or pursuing Social Security or Disability benefits.

### **1.3 OVERARCHING PRINCIPLES**

- The program itself is not a “cure” for life-controlling issues.
- Life-controlling issues can be overcome when the power of God meets the participant’s faith and willingness to surrender to Him and a restorative process.
- There is hope for lifelong restoration.

***Restoration*** at Victory Mission  
PROGRAM HANDBOOK

- The chaplains and staff involved in the care of the Participant will maximize opportunities to engage in intentional relationships and promote wholistic rehabilitation and development.
- Participants are treated with respect and dignity at all times.
- Participants are treated in a nonjudgmental and supportive manner.
- Participants are required to choose and be involved in a Christian ‘Home Church’.
- Participants however are not required to ‘convert’ to Christianity.
- Participants are treated with due consideration for individual background, culture, disability status, vulnerabilities, and strengths.

## **1.4 CRITERIA FOR PARTICIPATION**

Participants in the program must fit within ALL three of these descriptive categories to benefit from the restorative process;

- **READINESS:** Participant has become fully aware of his inability to maintain a stable life and healthy relationships due to life-controlling issues (see list above), and desires to overcome those issues or patterns and be restored to God’s designed and desired purpose for his life.
- **WILLINGNESS:** Participant has a deep desire to make dramatic changes, exhibited by the self awareness and humility it takes to be completely honest about how uncontrollable life has become without help, and commitment to sacrifice temporary freedoms, preferences, comforts and desires for the sake of experiencing long-term restoration.
- **CAPACITY:** Participant has the mental ability to participate educationally in environments where learning is taking place about sometimes difficult topics and material. Also, the emotional ability to relate in healthy ways with both program leaders and fellow participants, to get to the root causes of his life-controlling issues. And finally, the physical ability to participate in the required schedule and activities of the program.

## **BASIC RESPONSIBILITIES**

Participants in the program are required to complete these routine responsibilities;

- Make bed daily.
- Keep the personal area around his bed clean daily.
- No leaving of trash or personal items in common areas.

***Restoration*** at Victory Mission  
PROGRAM HANDBOOK

- Participate in chores as posted and/or assigned.
- Follow the direction of authority (VM Chaplains, VM Staff, and RS Team).
- Chaplains must approve all overnight, late & work passes in all phases.

## **1.5 ACCOUNTABILITY**

In becoming a part of the Restoration community, participants learn to build genuine friendships by learning how to relate to one another in healthy, life-giving ways. Participants are expected to participate in all aspects of the community. Accountability is a strong component of Restoration. The health of the program is dependent on the words, actions, and attitude of each participant. In order to maintain a positive culture, it is imperative that participants keep each other accountable.

- Participants are expected to know the rules and restrictions of each phase of the program as outlined in the handbook
- Participants cannot let one another break rules
- Participants are expected to report an instance of rules being violated
- Failure to report an incident is a conspiracy of silence and is taken very seriously

When a man becomes a father and a husband, his actions and decisions affect the family as whole. If he were to make a bad decision, his family would suffer for it. In the Restoration community, we practice a similar model. If policy is deviated from, whether by one person, or by the entire program, discipline may be issued to everybody in the program. This is to experience the weight of a wrong choice affecting the community.

## **1.6 PERSONAL APPEARANCE**

Participants are expected to attend to personal hygiene and appearance through;

Immediately upon entry into the Restoration Program, participants are issued a clothing voucher by Victory Mission staff or Residential Supervisor. Clothing vouchers are to be used by participants coming from DOC, or other circumstances where they don’t have enough clothes. Clothing issued from the warehouse should be considered only on an “as needed” basis, and only used if a participant truly needs clothes. Abuse, manipulation and fraudulent use of the voucher system is considered a serious offense.

makes little to no attempt to work the program, is a bad influence on other participants, divisive, abusive, disrespectful, and/or belligerent.

- Non life-threatening health issues should be reported to the RS Team and Chaplains and directed to healthcare providers in the order below.
  - MSU Care (417-837-2270) is available to anyone 18-64 years of age without health insurance and below a poverty level of income for no charge.
  - Victory Shelter (417-864-2235) has a volunteer doctor on-site at different times of the year to anyone in need of PCP type of needs for no charge.

  - Cox Health Urgent Care (417-269-9812) is a good alternative to the ER for health issues that cannot wait for doctor's offices and clinics to be open.

### **1.20 FINANCIAL POLICY**

Participants must disclose if they are receiving money from private sources, food stamps, SSI, SSD, settlements, or any other source. Financial assets and property must be reported to the Chaplains and RS Team at intake, along with any amount of money he is in possession of, or is being held in a banking institution, or any outside party. Phase 1 Participants are required to have their money kept by VM in a secure place at no charge to the Participant. Phase 2 and 3 Participants must have savings accounts and provide verification monthly of the balances of money being saved.

### **1.21 FOOD**

Participants will be provided breakfast daily, and lunch and dinner Monday through Friday (most weekend meals are provided, but subject to availability). Participants are

***Restoration*** at Victory Mission  
PROGRAM HANDBOOK

permitted to have food in the pantry, but are not allowed to have more food than can be consumed within one week. Food must be marked with the owners' name and the date brought in, it also must be confined to the assigned container. In the shelf area each person has an assigned container and is able to keep larger items above their box. Food and drinks are not allowed to be consumed in dorm rooms at any time for any reason. Weekly, with notice, all unmarked food will be donated or discarded.

### **1.21.1 FOOD STAMPS (EBT BENEFITS/SNAP)**

Participants are restricted from applying for or having food stamps while in any phase of the Restoration Program. As a faith-based program, we believe that it is healthy for the men to understand the difference between wants and needs. In Phase 1 and 2 of Restoration, all of the Participants' basic needs are met. Freshly cooked and catered food is provided. There is no practical need for government assistance, and food stamps are intended for people who are in a crisis season of food insecurity. Being a non-profit, we owe it to the state and to taxpayers not to advocate the use of unnecessary government benefits.

### **1.22 KITCHEN**

Participants are not allowed in the kitchen where the meals are prepared and served, unless they are on the kitchen team or asked to be in there by VM Staff or Chaplains.

### **1.23 SEXUAL HARASSMENT**

There is no tolerance for sexual harassment of any participant, resident or staff. Sexual harassment is intimidating, an abuse of power, and is inconsistent with our mission and the laws of our country. Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature. Sexual harassment may result in discipline, including removal and/or legal action.

### **1.24 MAIL & GIFTS**

Each Participant may send and receive mail. During Soul Detox only one piece of mail per week per contact is allowed. VM Staff and Chaplains reserve the right to inspect all envelopes and packages. Gifts sent to, or purchased for, a Participant must not violate existing policy on dress, contraband, or prohibited articles.

***Restoration*** at Victory Mission  
PROGRAM HANDBOOK

## **1.25 TRANSPORTATION**

In order to assist Phase 1 and 2 men in their Restoration, Victory Mission does permit the use of its vehicles to and from legal and medical services within Springfield city limits. Exceptions are rarely made, and only with Chaplain approval.

## **1.26 COUNSELING**

In Phase 1 Participants are required to meet with a Victory Mission Counselor twice and then the Counselor and Chaplains will evaluate each individual's need for additional counseling through Phase 1. In Phase 2 and 3 Participants are required to attend an individual appointment once a month.

## **1.27 VOLUNTEER ASSIGNMENTS**

Victory Mission utilizes Volunteer Assignments (VA) and serves as an integral part of Phase 1 of this program. VAs allow Participants to be a part of something bigger than themselves through serving others, building essential skills for future workplaces, in some cases learning job and technical skills, and experiencing increased self-worth. Phase 1 Participants are placed in a VA by RS or Chaplain and serve at least 20 hours each week.

### **1.27.1 WAREHOUSE (VOLUNTEER ASSIGNMENT)**

Victory Mission manages an off-site warehouse that many of the Restoration participants will serve at for their Volunteer Assignment. Victory Mission has implemented policies in order to discourage participants from stealing from the warehouse. Stealing from the warehouse is defined as any of the following

- Intentionally or unintentionally leaving the warehouse with any item that they did not show up with.
- Fraudulantly or manipulating the clothing voucher issued to participants by Victory Mission staff upon their arrival to supplement their clothing needs.
- A participant that fails to report a theft that they witnessed, or that assisted in a theft by another participant will be considered guilty of theft.

In the event that a theft is committed by any participant as defined above, the participant will be subject to the following disciplinary action:

- Participant may be dismissed from the program
- If the participant is on supervision, the participant's parole / probation officer will be immediately notified
- Participant will be asked to personally apologize to other participants, warehouse manager, and Victory Mission leadership.

***Restoration*** at Victory Mission  
PROGRAM HANDBOOK

- Participant will be placed on a minimum of 2 weeks soul detox and may have the current program phase extended as well
- Further assignment, or other disciplinary action may be taken outside or inside the program, and turn it into a Chaplain or the RS Team.

### **1.29 MEDIA & TELEVISION**

It is the philosophy of this program that rehabilitation and development in a Participant's life is at least delayed, most times derailed, by the regular distraction of consuming media. During the 6 months of Phase 1 & 2 we believe it is crucial to allow as much undistracted time as possible for the Participant to work on his underlying and core issues that have led to life controlling issues and could lead to relapse in Phase 3 or after program completion. Therefore no TV's or monitors/screens larger than a personal phone or tablet device are allowed in dorm rooms. TV's are in common areas and use of them follows this schedule;

- Monday - Friday
  - during breakfast for 30 minutes (news only).
  - during and after dinner for 30 minutes (news only).
- Saturday no longer than 4 hours total.
- Sunday no longer than 2 hours total (not to be on until after 12:00 PM).
- TV can only be on after completion of all chores, then only until 10:30 PM.
- Times to be monitored by RS's and subject to change by Chaplains at any time.

### **1.29. CELL PHONES**

The ownership and possession of personal electronic communications devices is restricted in Phase 1, in an effort to promote personal, spiritual growth while eliminating outside distractions. All cell phones will be closely monitored for pornographic content, inappropriate conversations, and excessive gaming or other unedifying material and may be restricted at any time by Chaplains.

Men will be allowed to check their phones out 30 minutes before work and/or 9:30am, whichever comes first. Phones will need to be turned in by 9:30 each night.

### **1.30 OVERNIGHT PASSES**

Considering Participant's progress and the environment he would be going into, Overnight Passes are made available. Overnight Passes will be given at the Chaplain's discretion and on the schedule below. Holidays may be given special consideration.

***Restoration*** at Victory Mission  
PROGRAM HANDBOOK

An Overnight Pass Request must be filled out, signed off by Chaplain and submitted to the Front Desk of the Shelter before leaving on pass.

- Phase 1: Wks 1-16 = No passes
- Phase 2: Wks 16-28 = 1 pass
- Phase 3: 1 pass per month

### **1.31 ADDITIONAL GROUNDS FOR REMOVAL**

- Disorderly conduct including anything immoral, indecent, inappropriate sexual behavior, racial slurs, violence, profanity, obscene or threatening language.
- Engaging in acts of theft, sabotage, vandalism and unauthorized use of Victory Shelter documents, equipment or property.
- Spreading rumors, making remarks or displaying a negative attitude toward VM Staff, Chaplains, and/or fellow Participants.
- Falsifying information on admission application or any other documentation.
- Using their discernment Chaplains may dismiss Participants at their discretion for other reasons not listed above.

#### **1.31.1 CONTACT WITH DEPARTED PARTICIPANTS**

- In the event that a participant is removed from or voluntarily leaves the program against the blessing of Victory Mission/Chaplain leadership, it is strongly encouraged that current participants restrict ongoing personal relationships and communication with him. It can be assumed that said participant isn't making healthy and restorative decisions for his life, and therefore, is not a positive influence.
- In every instance, program staff and Victory Mission leadership reserves the right to restrict contact completely from any person who is deemed to be a detriment to his own life, or to those around him through the choices that he is making.

### **1.32 ROMANTIC RELATIONSHIPS**

Romantic relationships are restricted throughout the entirety of the Restoration Program. We believe that romantic relationships distract from learning how to live a restored life as it is taught in the program. We have allowed in the past and in every case witnessed romantic relationships interfere with men's participation in the program and their focus on the restorative process. Pre-existing Christian marriages where the woman is deemed healthy would be viewed on a case-by-case basis and a slow and accountable re-engagement of that relationship through couples counseling may be considered.

***Restoration*** at Victory Mission  
PROGRAM HANDBOOK

- Victory Mission identifies ANY *private* and *personal* contact with ANY member of the opposite sex that is not related by blood as a romantic relationship. Any contact of this kind is prohibited, and subject to disciplinary action.

## **PROGRAM STRUCTURE**

### **3. PHASE 1**

Phase 1 is the initial 4-month Restoration process. It will consist of two parts which are two months each. The first 8- weeks will be the Soul Detox period. Weeks 9-16 will be the Preparation period. Phase 1 is composed of high levels of accountability and structure. During Phase 1, participants will begin and complete many of the core classes, participate in mentoring by a Phase 3 participant, choose a home church, volunteer with Victory Mission, and engage in community impact events.

#### **3.1 PHASE 1 - SOUL DETOX**

We believe just as the body needs a period of time to detoxify from the physical impact that abusing drugs and alcohol has on a person, that a similar process of detoxification is needed spiritually, relationally and emotionally. To create that experience and through it build a foundation for restoration the Participant will be restricted for 8 weeks from;

- Contacting anyone outside of the VM staff and restoration program (unless approved by Chaplain)
- Spending any money, unless approved by the Chaplain team
- Having possession of or easy access to any money
- Personal electronic devices (including phones, tablets, music players, etc)
- Accessing the internet (for use of social media, messaging, entertainment, etc)
- Leaving the Restoration Area without someone off restriction (“program buddy”)
- In possession of no money, no access to money, reports all financials to Chaplains
- Meets weekly with Licensed Professional Counselor as directed by chaplains
- At least one service with each partner church before choosing home church
- Meet weekly with P3 Restoration man approved by Chaplains
- Curfew is 8:00 PM (unless approved by Chaplain) Lights out by 10:30 PM

## 6. PROGRAM RE-ENTRY

Participants who leave or are removed from the program may be considered for a re-entry after serving a 6 month suspension (from Phase 1 of the program Participants will start Phase 1 again, if from Phase 2 or 3 of the program a personalized 6-week Re-entry Discipline & Restoration (D&R) Plan below will be offered). If drug or alcohol use has occurred then Participant may be required by Chaplains to complete an approved detox treatment and/or time on the VS Emergency Shelter). In the case he does not require or qualify for detox treatment locally and/or there was no substance abuse then he must provide a clean UA/BA. For those in the Re-entry D&R, once it is completed the Participant would be evaluated for extended time in Phase 1 or transition to Phase 2. If any Participant leaves or is removed from the program a second time he will be suspended and barred from all Victory Mission properties and services for 1 year. In addition to any personalized requirements and restrictions the standard ones are;

- Meet with a VM counselor twice per week
- Complete Search for Significance workbook and process with Counselor
- Attend all Chaplain Check-ins and AM/PM Devotions
- Enter and complete Jobs for Life and Living Free (if not previously completed)
- Enter and complete Workforce Readiness Training (if not previously completed)
- Volunteer Assignments for between 20 and 30 hours per week

- No romantic contact of any kind (including spouses and/or healthy girlfriends).
- No leaving the Restoration Area without ‘program buddy’ (including smoking).
- No Overnight or Phase 1 Work Passes.

## 7 RESTORATION POLICIES

### 7.1 ROMANTIC RELATIONSHIPS

Due to the time, focus, and effort it takes for a person to experience wholistic restoration in their own life, romantic relationships are completely restricted in all phases of our restorative process. It is our intention to use all of the time in the program for personal

***Restoration*** at Victory Mission  
PROGRAM HANDBOOK

growth and healing. Communication with members of the opposite sex will be allowed should that person be approved by restoration chaplains as a ‘healthy contact’, and as long as the contact and/or conversations with that person are not both private and personal. This guideline allows for co-ed environments to be allowed (eg small groups at church, departments/teams at work, friends of/and within family, etc) where the relationship can be personal at a surface level while never becoming private. Marital relationships where restoration chaplains are open to reconciliation will be fully restricted for Phase 1. In Phase 2 limited public and/or supervised contact may begin to be allowed for the purpose of evaluating if reconciliation is healthy for one or both spouses. Any consideration of marital reconciliation will be made on a case-by-case basis.

## **7.2 GRIEVANCE POLICY AND PROCESS**

It is the philosophy of Victory Mission that all people be treated fairly, whether by staff or other Participants. If anyone feels they have not been treated fairly or has a legitimate complaint, he may enter a written grievance. Each grievance will be placed in the participant’s or staff member’s file along with a description of actions taken.

## **7.3 RESIDENTIAL SUPERVISION**

To provide a consistently and continuously healthy environment for the men in the program to develop and be restored to lives free from life-controlling issues Residential Supervisors (RS) are selected from among the program to be peer leaders. Each RS will serve a particular role in leadership while all are given authority by Chaplains to enforce the program rules and requirements. RS’s have the authority to impose Discipline and Restoration Plans that include up to 1 week of additional ‘soulwork’ and/or up to 3 days restriction of personal electronic devices and internet/social media/messaging activity. RS’s are not allowed to remove a man from the program without Chaplain approval. The RS’s are full participants and still under all of the same program rules and requirements.

## **7.4 NON-DISCRIMINATION POLICY**

*Restoration* at Victory Mission subscribes to the Civil Rights Act of 1964.

## **7.5 GRIEVANCE POLICY AND PROCESS**

It is the philosophy of Victory Mission that all people be treated fairly, whether by staff or other Participants. If anyone feels they have not been treated fairly or has a legitimate complaint, he may enter a written grievance. Each grievance will be placed in the participant’s or staff member’s file along with a description of actions taken.

***Restoration*** at Victory Mission  
PROGRAM HANDBOOK

## **7.6 MEDIA RELATIONS POLICY**

Signing the program handbook covenant below authorizes Victory Mission to:

- Record my participation and appearance on video tape, audio tape, film, photograph or any other medium.
- Use my name, testimony, likeness, voice and biographical material in connection with any media (website, social media, and printed publications, as well as, educational or promotional material).
- Exhibit or distribute such materials in whole or in part without restrictions or limitation for any promotional purposes which Victory Mission and those acting pursuant to its authority, deem appropriate.

## **7.8 HOME PLANS & COURT STIPULATION**

When a man applies for entrance from the Department of Corrections, County Jail and/or is stipulated to be in this program he may not leave the program side and switch to the Emergency Shelter (aka ‘free side’ or ‘1st30’) or the Transitional Shelter (aka ‘pay side’ or ‘Lodge’). The resources used within the referring entities and Victory Mission to interview, consider and accept a man for participation are significant. Men fitting these cases upon leaving or being removed from the program will therefore be suspended from Victory Shelter for Men for 60 days. Rare exceptions to this will only be considered and allowed by Chaplains on a case by case basis.

## **7.9 CELEBRATIONS**

To celebrate those successfully completing the full program as well as those transitioning from Phase 2 to 3, a Restoration Celebration will be held three times per year. Phase 3 transitions will receive recognition and a personalized study Bible while full program graduates receive recognition, a certificate of completion, and a gift card to assist in starting their restored life. Restoration Celebration times and locations are to be determined by Chaplains.

## **7.10 TOXIC CHARITY**

In an effort to move out of poverty and toward a fully restored life, we ask that the Participant does not give money or property away while in the program. This includes personal as well as Victory Mission property. Any money or property that is received from, or is being considered to be given to, anyone would need approval by a Chaplain.

**Restoration** at Victory Mission  
PROGRAM HANDBOOK

## **7.11 PROGRAM CHANGES**

For the continued improvement of the restorative rehabilitation and development process Victory Mission + Ministry and Chaplain staff reserve the right at any time and as deemed necessary to change the rules, requirements, restrictions, etc of the program.

## **7.12 SUICIDE AND SELF HARM**

For the protection and consideration of every **Restoration** participant, Victory Mission imposes a mandatory protocol for reporting suicide or self harm. In the event that any participant makes mention of, threatens, or plans on hurting themselves, it becomes the responsibility of every witness to take the next right steps. When / if it is safe to do so, remove any means of self-harm from the individual's immediate surroundings (pills, weapons, etc) **IF** there is a chaplain and / or LPC on site, go directly to them as soon as possible, report the threat, and proceed with the next directive. **If there are no** chaplains or counselors on site, and one cannot be contacted immediately, call 911, and once help is on the way, proceed with attempting to contact counselor or chaplain. As always, use your best judgment in every situation. Above all, stay safe!

## **7.13 PEST CONTROL POLICY**

In an effort to minimize pests of any kind in our communal residential settings, Victory Mission imposes strict protocols in place that are to be regarded with the highest priority. Participants who arrive from any setting must keep all fabric belongings in plastic bags until they can run them through a high-heat dryer for one hour. Additionally, any clothing purchased from a store, acquired from any lender or vendor, or collected from the warehouse **MUST** be run through a dryer on high for one hour before any of it can come back to the residential area. Failure to adhere to this policy can and likely will result in severe discipline and / or dismissal from the program.

## **7.14 SOUL DETOX EXCEPTIONS**

During Soul Detox we expect prioritizing your own restoration over every other concern. Communication Forms are available. Please use this when requesting any urgent need requiring attention. This form is an effort to organize any additional concerns that may need to be addressed during Soul Detox. If you have any Legal, Medical, or Family Concerns that cannot wait until after Soul Detox please list them below. Please include names and phone numbers if applicable and available of people that will need to be contacted. Phone calls are only allowed on the Restoration phone during Soul Detox and only for the following purposes; medical, legal, urgent family concerns (**with chaplain**

An emergency is defined as a serious, unexpected, and often dangerous situation requiring immediate action. All regular logistical needs will be addressed after Soul Detox.
